## DIRECTIONS

Please send me this Music Request Form at least two weeks before your event to ensure I can fulfill your requests. If there's a song I can't find, I'll let you know. If you have a copy, you can send it to me. Note that I'll play a mix of songs, but the final playlist will be at my discretion.

If you have unique or unreleased songs that aren't commercially available, please send me a link as soon as possible so I can review them and make sure it's suitable for the event. I suggest including some slow songs and group dances like slides and shuffles because they can get everyone involved. Many guests enjoy these, even if they're a bit cheesy. If during the event, your songs are not getting the crowd moving, I will touch base with you to look into alternative selections, while respecting your genre/likes/preferences. Lastly, I fully understand that there may be late adjustments or additions and I have no problem with that. Now...let's get the party started!

Need help with song suggestions? Please call or text me at 804-337-2046, or email me at dj.rg.rva@gmail.com.  
Thank you!
